

# School of Arts, Humanities and Social Science CSJMU Kanpur

Sociology is the study of the <u>behaviour</u> of people in their daily lives in places such as education, the workplace, and family. Sociologists seek to understand how people think and behave and what factors affect their actions.

Sociology is the study of the <u>behaviour</u> of people in their daily lives in places such as education, the workplace, and family. Sociologists seek to understand how people think and behave and what factors affect their actions.

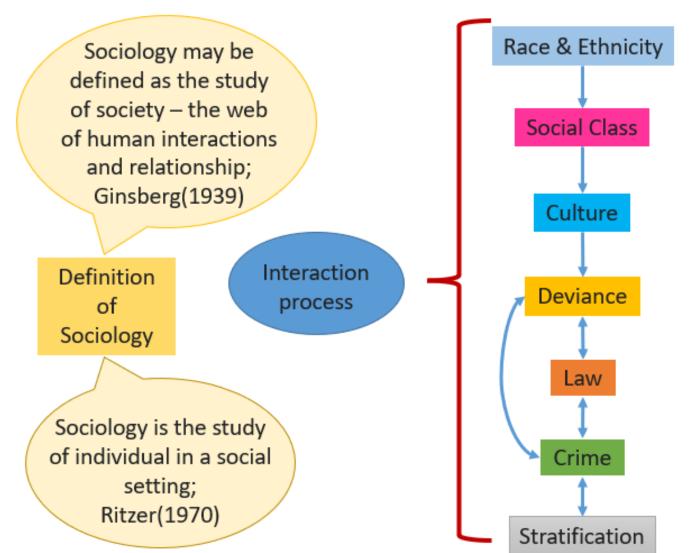

समाजशास्त्र शिक्षा, कार्यस्थल और परिवार जैसे स्थानों में लोगों के दैनिक जीवन में व्यवहार का अध्ययन है। समाजशास्त्री यह समझने की कोशिश करते हैं कि लोग कैसे सोचते हैं और व्यवहार करते हैं और कौन से कारक उनके कार्यों को प्रभावित करते हैं।

Sociology may be defined as the study of society – the web of human interactions and relationship;
Ginsberg(1939)

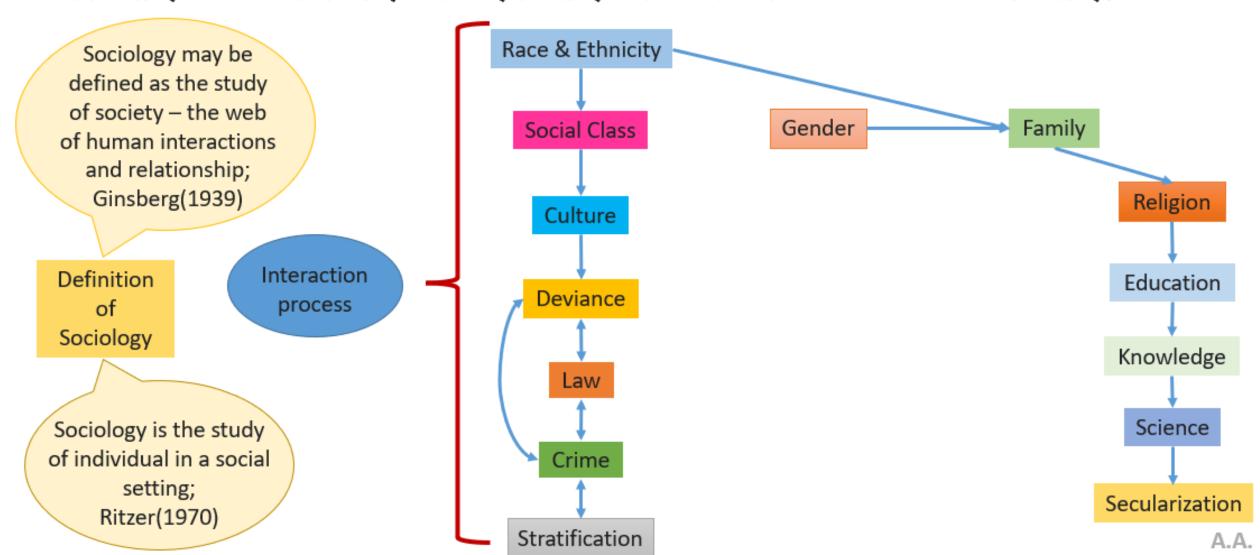

Definition of Sociology

Sociology is the study of individual in a social setting; Ritzer(1970)

Sociology is the study of the <u>behaviour</u> of people in their daily lives in places such as education, the workplace, and family. Sociologists seek to understand how people think and behave and what factors affect their actions.
