

CHHATRAPATI SHAHU JI MAHARAJ UNIVERSITY,  
KANPUR, UP - 208024

M.Ed. I Semester

2022 – 23

Paper – 4<sup>th</sup>

Research Methods in Education (General Perspectives, MED 104)

**Topic - The Concept of Universe, Population & Sample**

Prepared & Presented by  
Dr. Vimal Singh, Assistant Professor  
Department of Education  
***CSJM, University Kanpur UP***

# Universe

# Population

## Universe , Population and Sample

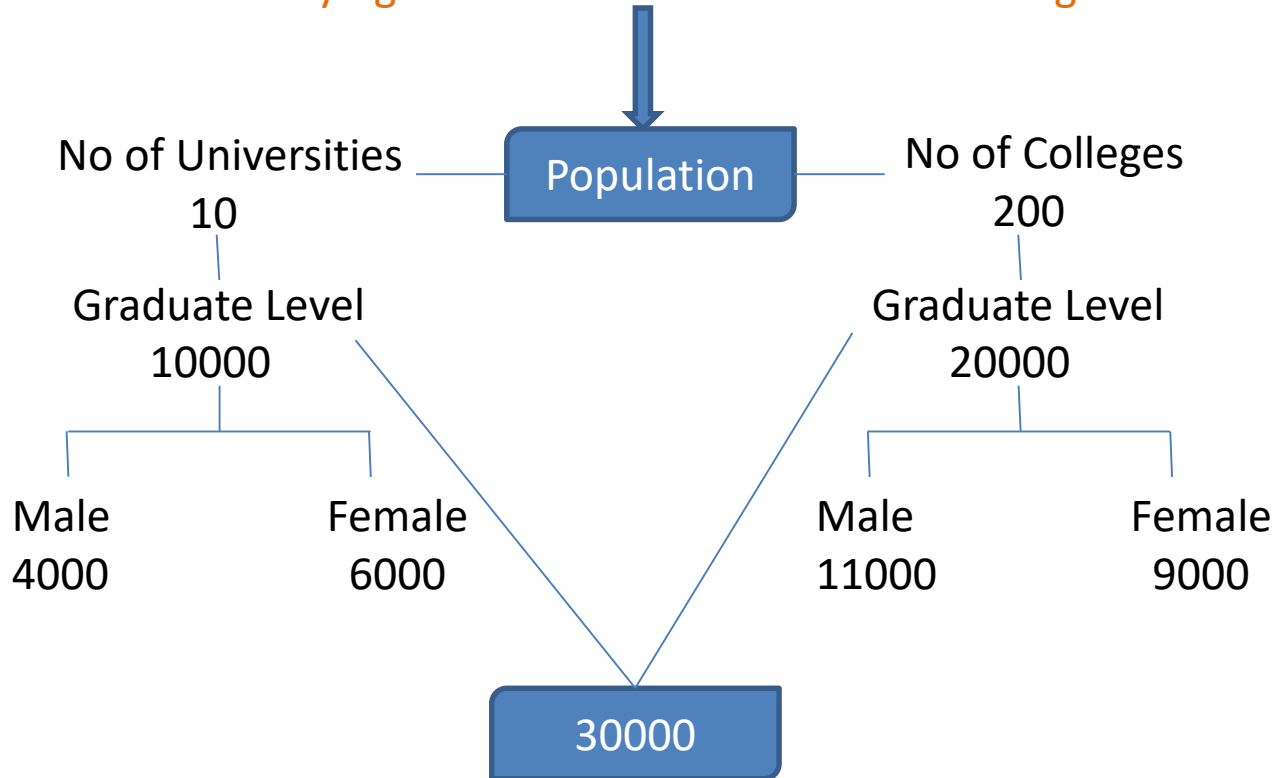

Population is the well defined small portion of Universe

If the size of population is not large there researcher can collect data from the population

If the size of population is large therefore researcher can't able to collect data/information from population therefore researcher can collect the information from small portion of the population, called sample.

## Universe , Population and Sample: Example

- A comparative study of Emotional Intelligence of male and female students at Graduate Level studying in different Universities and Colleges of Lucknow City
